

[South Florida Water Management District]  
2012-2013 Annual Regulatory Plan

Rule Number	Rule Title	Rulemaking Action	Description of Current Rule	Description of Changes to be Made in Rulemaking	Reason for Rulemaking	Economic Impact	Highly Technical or Complicated
40E-0.111 (Chapter 40E-0, Exceptions to the Uniform Rules of Procedure)	Exemptions and Variances for Well Construction Permits	Amend	Sets forth an exemption for any affected person who cannot comply with the SFWMD's rules regarding well construction permits without suffering undue hardship.	The South Florida Water Management District (SFWMD) may amend pursuant to the statewide well construction rulemaking effort being undertaken by the Florida Department of Environmental Protection (FDEP) and the water management districts (WMDs) to reduce regulatory burdens and promote consistency.	Update Rule	SERC	No
40E-0.113	Variances from Specified Review Criteria for Environmental Resource Permits	Amend	Sets forth variance procedures in addition to those set forth in Chapter 28-104, F.A.C., which implements Section 120.542, F.S.	The SFWMD may amend this section to reflect potential statutory changes and changes to Chapter 40E-4, and to consider if any provisions are redundant of statutes.	Update Rule	No SERC Required	No
40E-0.115	Variances from Water Use Restrictions	Amend	Sets forth process to request relief from water use restrictions set forth in Chapter 40E-21, F.A.C.	The SFWMD may amend pursuant to the statewide consumptive use consistency (CUPCon) rulemaking effort being undertaken by the FDEP and the WMDs to reduce regulatory burdens and promote consistency.	Update Rule	SERC	No
40E-1.602 (Chapter 40E-1, General and Procedural)	Permits Required	Amend	Sets forth activities that require a permit from the SFWMD.	Amend pursuant to the CUPCon rulemaking effort being undertaken by the FDEP and the WMDs to reduce regulatory burdens and promote consistency. Amend as part of the Statewide Environmental Resource Permit (SWERP) rulemaking effort being undertaken by FDEP in coordination with the WMDs to promote consistency.	Update Rule	SERC	No

2012-2013 Annual Regulatory Plan

Rule Number	Rule Title	Rulemaking Action	Description of Current Rule	Description of Changes to be Made in Rulemaking	Reason for Rulemaking	Economic Impact	Highly Technical or Complicated
40E-1.603	Application Procedures for Conceptual Approval, Individual and Standard Permits	Amend	Provides procedures for processing applications in addition to those set forth in Section 120.60, F.S., and Chapter 28-106, F.A.C.	Amend pursuant to the CUPCon rulemaking effort being undertaken by the FDEP and the WMDs to reduce regulatory burdens and promote consistency. Amend as part of the SWERP rulemaking effort being undertaken by FDEP in coordination with the WMDs to promote consistency.	Update Rule	SERC	No
40E-1.6065	Consideration of Intended Agency Decision on Permit Applications	Amend	Sets forth process once an application is deemed complete.	Amend pursuant to the CUPCon rulemaking effort being undertaken by the FDEP and the WMDs to reduce regulatory burdens and promote consistency. Amend as part of the SWERP rulemaking effort being undertaken by FDEP in coordination with the WMDs to promote consistency.	Update Rule	SERC	No
40E-1.607	Permit Application Processing Fees	Amend	Sets forth permit application processing fees mandated by 373.109, F.S.	Amend fee schedules or categories pursuant to the SWERP, CUPCon and well construction consistency efforts being undertaken by FDEP and the WMDs.	Update Rule	SERC	No
40E-1.6105	Notification of Transfer of Interest in Real Property	Amend	Requires permittees to notify the SFWMD within 30 days of any transfer of interest or control of the real property.	Amend pursuant to the CUPCon and well construction rulemaking efforts being undertaken by the FDEP and the WMDs to reduce regulatory burdens and promote consistency.	Update Rule	SERC	No
40E-1.6107	Transfer of Permits	Amend	Process for permittees to transfer permits to ensure the appropriate person/entity is responsible for permit conditions.	This section may be amended pursuant to the SWERP or CUPCon efforts being undertaken by the FDEP and the WMDs to reduce regulatory burdens and promote consistency.	Update Rule	SERC	No

2012-2013 Annual Regulatory Plan

Rule Number	Rule Title	Rulemaking Action	Description of Current Rule	Description of Changes to be Made in Rulemaking	Reason for Rulemaking	Economic Impact	Highly Technical or Complicated
40E-1.659	Forms and Instructions	Amend	Provides a helpful listing by date and title of all forms incorporated in the SFWMD's rules.	Amend required forms and instructions pursuant to the SWERP, CUPCon and well construction consistency efforts being undertaken by the FDEP and the WMDs.	Update material incorporated by reference	SERC	No
40E-2.010 (Chapter 40E-2, Consumptive Use)	Review of Consumptive Use Permit Applications	Rule Amendment	Details statutes and rules associated with permit processing.	Rulemaking associated with the CUPCon Initiative. Amend rule to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	No
40E-2.011	Policy and Purpose	Rule Amendment	Describes the scope of the consumptive use permit program and identifies related rule chapters.	Rulemaking associated with the CUPCon Initiative. Amend rule to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	No
40E-2.031	Implementation	Rule Amendment	Details the effective dates for the consumptive use permit program.	Rulemaking associated with the CUPCon Initiative. Amend rule to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	No
40E-2.041	Permits Required	Rule Amendment	Describes activities that require a permit.	Rulemaking associated with the CUPCon Initiative. Amend rule to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	No
40E-2.051	Exemptions	Rule Amendment	Describes exempt activities that do not need a permit.	Rulemaking associated with the CUPCon Initiative. Amend rule to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	No
40E-2.061	No-Notice General Permit by Rule	Rule Amendment	Provides a permit by rule to single family homeowners for outdoor water use.	Rulemaking associated with the CUPCon Initiative. Amend permit types and thresholds to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	Yes

2012-2013 Annual Regulatory Plan

Rule Number	Rule Title	Rulemaking Action	Description of Current Rule	Description of Changes to be Made in Rulemaking	Reason for Rulemaking	Economic Impact	Highly Technical or Complicated
40E-2.381	Limiting Conditions	Rule Amendment	Provides for standard and specific permit conditions.	Rulemaking associated with the CUPCon Initiative. Amend rule to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	Yes
40E-2.451	Emergency Authorization		Describes emergency authorization process and circumstances.	Rulemaking associated with the CUPCon Initiative. Amend rule to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	No
40E-2.501	Permit Classification		Describes how consumptive use permits will be classified.	Rulemaking associated with the CUPCon Initiative. Amend rule to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	No
40E-3.011 (Chapter 40E-3, Water Wells)	Policy and Purpose	Rule Amendment	Describes the purpose of Chapter 40E-3 regarding regulation of water wells.	As part of the 2011 Rule Review, the SFWMD identified this rule for amendment or partial repeal to streamline or reduce regulatory burdens. Additionally, if a statewide consistency initiative begins in 2013 for the water well program, then this rule may be amended to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	No
40E-3.021	Definitions	Rule Amendment	Defines key terms used in Chapter 40E-3, F.A.C.	As part of the 2011 Rule Review, the SFWMD identified this rule for amendment or partial repeal to streamline or reduce regulatory burdens. Additionally, if a statewide consistency initiative begins in 2013 for the water well program, then this rule may be amended to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	Yes

Rule Number	Rule Title	Rulemaking Action	Description of Current Rule	Description of Changes to be Made in Rulemaking	Reason for Rulemaking	Economic Impact	Highly Technical or Complicated
40E-3.032	Delegation	Amend	Delegates general administration of Chapter 40E-3, F.A.C. to the Executive Director.	As part of the 2011 Rule Review, the SFWMD identified this rule for amendment or partial repeal to streamline or reduce regulatory burdens. Additionally, if a statewide consistency initiative begins in 2013 for the water well program, then this rule may be amended to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	No
40E-3.035	Agreements	Amend	Incorporates numerous agreements between the SFWMD and other agencies regarding the water well permitting program.	As part of the 2011 Rule Review, the SFWMD identified this rule for amendment or partial repeal to streamline or reduce regulatory burdens. Additionally, if a statewide consistency initiative begins in 2013 for the water well program, then this rule may be amended to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	No
40E-3.036	Rules and Publications Incorporated by Reference	Amend	Incorporates DEP's rules regarding the well contractor licensing program and all wells constructed, repaired, or abandoned in the SFWMD.	As part of the 2011 Rule Review, the SFWMD identified this rule for amendment or partial repeal to streamline or reduce regulatory burdens. Additionally, if a statewide consistency initiative begins in 2013 for the water well program, then this rule may be amended to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	Yes

Rule Number	Rule Title	Rulemaking Action	Description of Current Rule	Description of Changes to be Made in Rulemaking	Reason for Rulemaking	Economic Impact	Highly Technical or Complicated
40E-3.038	Violations of Contractor Licensing and Well Construction Requirements	Amend	Informs the public of the statutes and rules regarding violations of the contractor licensing requirements.	As part of the 2011 Rule Review, the SFWMD identified this rule for amendment or partial repeal to streamline or reduce regulatory burdens. Additionally, if a statewide consistency initiative begins in 2013 for the water well program, then this rule may be amended to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	No
40E-3.040	Scope of Part I	Amend	Sets for the scope of rules in Part I relating to permitting requirements applicable to construction, repair or abandonment of wells.	As part of the 2011 Rule Review, the SFWMD identified this rule for amendment or partial repeal to streamline or reduce regulatory burdens. Additionally, if a statewide consistency initiative begins in 2013 for the water well program, then this rule may be amended to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	No
40E-3.041	Permits Required	Amend	Requires permits from the SFWMD or delegated agency prior to the construction, repair or abandonment of any water well within the SFWMD's jurisdiction.	As part of the 2011 Rule Review, the SFWMD identified this rule for amendment or partial repeal to streamline or reduce regulatory burdens. Additionally, if a statewide consistency initiative begins in 2013 for the water well program, then this rule may be amended to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	No

2012-2013 Annual Regulatory Plan

Rule Number	Rule Title	Rulemaking Action	Description of Current Rule	Description of Changes to be Made in Rulemaking	Reason for Rulemaking	Economic Impact	Highly Technical or Complicated
40E-3.321	Duration of Permits	Amend	Sets forth the duration of water well permits and provides process for requesting extensions.	As part of the 2011 Rule Review, the SFWMD identified this rule for amendment or partial repeal to streamline or reduce regulatory burdens. Additionally, if a statewide consistency initiative begins in 2013 for the water well program, then this rule may be amended to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	No
40E-3.341	Suspension and Revocation	Amend	Sets forth circumstances in which the SFWMD or delegated agency may suspend or revoke a permit to construct, repair or abandon a well.	As part of the 2011 Rule Review, the SFWMD identified this rule for amendment or partial repeal to streamline or reduce regulatory burdens. Additionally, if a statewide consistency initiative begins in 2013 for the water well program, then this rule may be amended to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	Yes
40E-3.411	Well Completion Reports	Amend	Requires water well contractors to submit a fully completed well completion report regardless of whether a permit is required.	As part of the 2011 Rule Review, the SFWMD identified this rule for amendment or partial repeal to streamline or reduce regulatory burdens. Additionally, if a statewide consistency initiative begins in 2013 for the water well program, then this rule may be amended to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	Yes

Rule Number	Rule Title	Rulemaking Action	Description of Current Rule	Description of Changes to be Made in Rulemaking	Reason for Rulemaking	Economic Impact	Highly Technical or Complicated
40E-3.451	Emergency Authorization	Amend	Sets forth conditions which must exist in order for the SFWMD's Executive Director to issue an emergency water well construction permit.	As part of the 2011 Rule Review, the SFWMD identified this rule for amendment or partial repeal to streamline or reduce regulatory burdens. Additionally, if a statewide consistency initiative begins in 2013 for the water well program, then this rule may be amended to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	Yes
40E-3.461	Inspection	Amend	Sets forth the procedure for the SFWMD to inspect any well within its jurisdiction.	As part of the 2011 Rule Review, the SFWMD identified this rule for amendment or partial repeal to streamline or reduce regulatory burdens. Additionally, if a statewide consistency initiative begins in 2013 for the water well program, then this rule may be amended to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	No
40E-3.500	Scope of Part II	Amend	Identifies that the DEP rules that relate to the standards and criteria for the construction, repair and abandonment of wells.	As part of the 2011 Rule Review, the SFWMD identified this rule for amendment or partial repeal to streamline or reduce regulatory burdens. Additionally, if a statewide consistency initiative begins in 2013 for the water well program, then this rule may be amended to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	Yes

Rule Number	Rule Title	Rulemaking Action	Description of Current Rule	Description of Changes to be Made in Rulemaking	Reason for Rulemaking	Economic Impact	Highly Technical or Complicated
40E-3.502	Construction Methods		Sets forth construction methods and standards for construction, repair or abandonment of wells in the SFWMD.	As part of the 2011 Rule Review, the SFWMD identified this rule for amendment or partial repeal to streamline or reduce regulatory burdens. Additionally, if a statewide consistency initiative begins in 2013 for the water well program, then this rule may be amended to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	Yes
40E-3.504	Location	Amend	Sets forth the requirements for placing wells so as not to pose a threat of contamination to the water resource and to provide for the protection of the health, safety and welfare of the user.	As part of the 2011 Rule Review, the SFWMD identified this rule for amendment or partial repeal to streamline or reduce regulatory burdens. Additionally, if a statewide consistency initiative begins in 2013 for the water well program, then this rule may be amended to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	Yes
40E-3.507	Casing and Liner Pipe Standards	Amend	Sets forth the standards for well casing, linear pipe, and well screens in addition to those standards set forth in 62-532.500, F.A.C.	As part of the 2011 Rule Review, the SFWMD identified this rule for amendment or partial repeal to streamline or reduce regulatory burdens. Additionally, if a statewide consistency initiative begins in 2013 for the water well program, then this rule may be amended to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	Yes

2012-2013 Annual Regulatory Plan

Rule Number	Rule Title	Rulemaking Action	Description of Current Rule	Description of Changes to be Made in Rulemaking	Reason for Rulemaking	Economic Impact	Highly Technical or Complicated
40E-3.512	Well Construction Requirements	Amend	Sets forth requirements for constructing wells to ensure no harm to the water resources.	As part of the 2011 Rule Review, the SFWMD identified this rule for amendment or partial repeal to streamline or reduce regulatory burdens. Additionally, if a statewide consistency initiative begins in 2013 for the water well program, then this rule may be amended to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	Yes
40E-3.517	Grouting and Sealing	Amend	Sets forth grouting and sealing requirements in addition to those in Chapter 62-532.500(2)(f), F.A.C., to protect the water resource from degradation caused by movement of waters along the wells annulus, and to prevent loss of pressure in artesian aquifers.	As part of the 2011 Rule Review, the SFWMD identified this rule for amendment or partial repeal to streamline or reduce regulatory burdens. Additionally, if a statewide consistency initiative begins in 2013 for the water well program, then this rule may be amended to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	Yes
40E-3.521	Well Seals	Amend	Sets forth the requirements for well seals.	As part of the 2011 Rule Review, the SFWMD identified this rule for amendment or partial repeal to streamline or reduce regulatory burdens. Additionally, if a statewide consistency initiative begins in 2013 for the water well program, then this rule may be amended to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	Yes

Rule Number	Rule Title	Rulemaking Action	Description of Current Rule	Description of Changes to be Made in Rulemaking	Reason for Rulemaking	Economic Impact	Highly Technical or Complicated
40E-3.525	Explosives	Amend	Prohibits use of explosives in well construction or development, unless specifically approved by the FDEP.	As part of the 2011 Rule Review, the SFWMD identified this rule for amendment or partial repeal to streamline or reduce regulatory burdens. Additionally, if a statewide consistency initiative begins in 2013 for the water well program, then this rule may be amended to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	Yes
40E-3.529	Flowing Wells	Amend	Requires installation of a valve to control the discharge from a well that flows at land surface.	As part of the 2011 Rule Review, the SFWMD identified this rule for amendment or partial repeal to streamline or reduce regulatory burdens. Additionally, if a statewide consistency initiative begins in 2013 for the water well program, then this rule may be amended to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	Yes
40E-3.531	Abandoned Well Plugging	Amend	Sets forth circumstances in which a well will be deemed abandoned and requires proper plugging by a licensed water well contractor.	As part of the 2011 Rule Review, the SFWMD identified this rule for amendment or partial repeal to streamline or reduce regulatory burdens. Additionally, if a statewide consistency initiative begins in 2013 for the water well program, then this rule may be amended to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	Yes

Rule Number	Rule Title	Rulemaking Action	Description of Current Rule	Description of Changes to be Made in Rulemaking	Reason for Rulemaking	Economic Impact	Highly Technical or Complicated
40E-3.600	Scope of Part VI	Amend	This Part grants a general permit for certain specified well construction, repair or abandonment activities which have been determined by the SFWMD to exist in unique geographic areas.	As part of the 2011 Rule Review, the SFWMD identified this rule for amendment or partial repeal to streamline or reduce regulatory burdens. Additionally, if a statewide consistency initiative begins in 2013 for the water well program, then this rule may be amended to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	No
40E-3.601	General Permit for Water Wells within a Portion of Southern Miami-Dade County	Amend	Grants a general permit to those wells intended for agricultural use which do not exceed 25 feet in depth and which are located within a portion of Southern Miami-Dade County as depicted on Figure 3-1 and within the boundaries of the legal description provided.	As part of the 2011 Rule Review, the SFWMD identified this rule for amendment or partial repeal to streamline or reduce regulatory burdens. Additionally, if a statewide consistency initiative begins in 2013 for the water well program, then this rule may be amended to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	No
40E-4.010 (Chapter 40E-4, Environmental Resource Permits)	Review of Environmental Resource Permit Applications	Repeal	Sets forth the statutes governing the processing of environmental resource permit applications.	Delete	Other (It is anticipated that this will be addressed in the SWERP rulemaking initiated by the FDEP in coordination with the five WMDs.)	None	No
40E-4.011	Policy and Purpose	Repeal	Sets forth the SFWMD's policy regarding regulation of activities in, on or over wetlands or other surface waters and the management and storage of all surface waters within its boundaries.	Delete (1)–(3). It is uncertain if (4) will be deleted for the same reasons.	Other (It is anticipated that this will be addressed in the SWERP rulemaking initiated by the FDEP in coordination with the five WMDs.)	None	No

Rule Number	Rule Title	Rulemaking Action	Description of Current Rule	Description of Changes to be Made in Rulemaking	Reason for Rulemaking	Economic Impact	Highly Technical or Complicated
40E-7.670 (Chapter 40E-7, Miscellaneous Provisions)	Competitive Solicitation Preferences	Amend	The rules under this Small Business Enterprise Contracting Program establish policies and procedures designed to help small businesses to participate in the SFWMD's procurement and contract activities.	In order to streamline the rule SFWMD is contemplating: deleting (1) Bid Equalizations; amending (3)(b) by changing the maximum amount of participation in a Proposal from 25% to an amount of participation based upon available small businesses in the applicable discipline; and adding new section (3)(d) which will require SFWMD contractors to identify SBE firms at the work order phase of the contract. The amendments may require changes to the related forms.	Update	None	No
40E-7.672	Compliance	Amend	This section of the SBE Rule allows the SFWMD to monitor and evaluate performance.	In order to better monitor and evaluate performance, the proposed amendment will amend section (5) which requires a Prime Contractor to notify the SFWMD when a need to replace a SBE contractor arises. This amendment will also amend the required form as it relates to notification of subcontractor change. The amendments may require changes to the related forms.	Update	None	No
40E-8.011 (40E-8 Minimum Flows and Levels)	Purpose and General Provisions	Amend	Sets forth the purpose of this chapter to establish minimum flows, minimum water levels, and specific minimum flows and levels (MFLs) and to implement recovery and prevention strategies.	Rulemaking associated with the CUPCon Initiative. Amend rule to achieve streamlining and greater statewide consistency among WMDs.	Update Rule	SERC	Yes
40E-8.021	Definitions	Amend	Defines key terms used in Chapter 40E-8, F.A.C.	Rulemaking associated with the CUPCon Initiative. Amend rule to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	No

2012-2013 Annual Regulatory Plan

Rule Number	Rule Title	Rulemaking Action	Description of Current Rule	Description of Changes to be Made in Rulemaking	Reason for Rulemaking	Economic Impact	Highly Technical or Complicated
40E-8.431	Consumptive Use Permits	Amend	Allows consumptive use permits that propose to withdraw water directly or indirectly from a MFL waterbody, that meet the conditions for issuance and are consistent with approved recovery and prevention strategies.	Rulemaking associated with the CUPCon Initiative. Amend rule to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	Yes
40E-8.441	Water Shortage Plan Implementation	Amend	Implements a water shortage plan when withdrawals from a MFL waterbody result in MFL exceedance or if an MFL exceedance is projected to occur during climatic conditions more severe than 1-in-10 year drought, to the extent consumptive uses contribute to such exceedance.	Rulemaking associated with the CUPCon Initiative. Amend rule to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	Yes
40E-10.011 (Chapter 40E-10, Water Reservations)	Policy and Purpose	Amend	States the purpose of Chapter 40E-10, F.A.C., is to establish water reservations to protect fish and wildlife in specified water bodies.	Rulemaking associated with the CUPCon Initiative. Amend rule to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	Yes
40E-10.021	Definitions	Amend	Defines key terms used in Chapter 40E-10, F.A.C.	Rulemaking associated with the CUPCon Initiative. Amend rule to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	Yes
40E-10.031	Water Reservations Implementation	Amend	Applicants for consumptive use permits must meet the requirements of this rule.	Rulemaking associated with the CUPCon Initiative. Amend rule to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	Yes
40E-10.041	Water Reservation Area: Lower West Coast Planning Area	Amend	Establishes water reservations for the Picayune Strand and Fakahatchee Estuary.	Rulemaking associated with the CUPCon Initiative. Amend rule to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	Yes

40E-20.321	Duration of General Water Use Permits	Amend	Sets forth the duration of general water use permits and specifies maximum duration for each.	Rulemaking associated with the CUPCon Initiative. Amend rule to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	Yes
40E-20.331	Modification of General Water Use Permits	Amend	Provides information regarding applications for modification of general water use permits and references the rules specifying the required information and conditions for issuance.	Rulemaking associated with the CUPCon Initiative. Amend rule to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	Yes
40E-20.351	Transfer of General Water Use Permits	Amend	References the rule containing the information which a permittee must comply in order to obtain a permit transfer.	Rulemaking associated with the CUPCon Initiative. Amend rule to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	Yes
40E-20.381	Limiting Conditions	Amend	Allows SFWMD staff to impose such reasonable standard and special conditions as are necessary to assure that the permitted use or withdrawal will be consistent with the overall objectives of the District, will not be harmful to the water resources of the District, is reasonable-beneficial, will not interfere with any presently existing legal uses, and is consistent with the public interest.	Rulemaking associated with the CUPCon Initiative. Amend rule to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	Yes
40E-21.011 (Chapter 40E-21, Water Shortage Plan)	Policy and Purpose	Amend	This chapter sets forth rules comprising the SFWMD's water shortage plan pursuant to 373.246(1), F.S.	Rulemaking associated with the CUPCon Initiative. Amend rule to achieve streamlining and greater statewide consistency among the WMDs.	Update Rule	SERC	Yes
